

The diagram shows a template layout with three vertical sections. The leftmost section is a narrow column. The middle section is a narrow column. The rightmost section is a large rectangular area. The entire layout is enclosed in a green border. Inside, there are two vertical red dashed lines. The leftmost section is bounded by a blue dashed line on the left and a red dashed line on the right. The middle section is bounded by a red dashed line on the left and a blue dashed line on the right. The rightmost section is bounded by a blue dashed line on the left and a green dashed line on the right. The green dashed line is the outermost boundary. Arrows point from text labels to these lines: a green arrow points to the green dashed line, a blue arrow points to the blue dashed lines, and a red arrow points to the red dashed lines.
